

April 17, 1973

to just a little bit in order for the answer to come back to Senator Cavanaugh which is part of the rescinding. In Senator Cavanaugh's remarks he said that he knows his district well and the rescinding of this order is going to be helpful. Senator Cavanaugh's district is made up of the elderly who live in the apartment houses throughout his district, the old Senator Claver district, a district that is primarily interested in the--if the sales or the income tax is raised and particularly the sales tax. They go to the supermarkets up and down Leavenworth Street and all over the territory. It is this same area, this very same area that they next year, when this Legislature rescinds this and acts on these 180 bills, many of them filled with new tax increases, this is going to be the Legislature that causes that sales tax to raise another 1% which causes the income tax to go up 5% and this is the people of Senator Cavanaugh's district, and so I'd like to remind this Legislature--all of us have districts like Senator Cavanaugh and when you rescind this order, this is the problem that we have upon us. I will not be part of it, I will not cave under it. I will not buckle under it and I say we compliment Senator Marvel for having courage enough to stand by his conviction yesterday.

PRESIDENT: Senator Marsh, then Senator Stahmer. The issue before us is still the Barnett motion to rescind the Carpenter movement of yesterday.

SENATOR MARSH: Mr. President, Senator Carpenter, I'd like to say thank you to you for seconding Senator Barnett's motion and I call for the question.

PRESIDENT: Question has been called for. Question is shall the debate now close.

(End of Belt #7)
